

“The staircase to success is only possible for us, with all your best wishes and kind supports.”

***“Heartily Namaste to all our dear well-wisher,
volunteers***

and supporter in our Newsletter May 2020.”

“Helping others is as equal as praying gods”.

World's countries are facing a stressful time because of the pandemic situation i.e. Corona-virus . Similar to that, Nepal is also suffering from that situation. The Government of Nepal has announced nationwide lockdown because of this challenging situation. The lockdown order all residents and visitors throughout Nepal are required to remain in their place of residence. All movement on the roads, by vehicle and on foot, is currently prohibited with very limited life safety exceptions. Also should follow the social distance to avoid being exposed to this virus and slowing its spread locally and across the country. We are all hoping for this tragedy to end very soon and hopefully all the people would be able to continue their lifestyles normally. However, the condition has been worsening and the cases are increasing day by day. As a result, the government of Nepal is doing their very best to control the situation and has

Pema Lama

Rubisha K.C

Pritika Acharya

Rinzi Sherpa

Our these four residential children was going to attend SEE exam this year .But because of the pandemic situation i.e. Corona-virus and announcement of lockdown Government postponed the Secondary Education Examination (SEE), which was scheduled to start on March 19 2020. It is not sure when the exams will take place next.

Kid's Education:-

“Education for Civilization”. Other than the situation, we are always concerned about their education. We're endeavoring our best to provide them a proper environment to study well and also encouraging them to be better students by withstanding the circumstances. We are really happy with the marvelous results that they are achieving in their schools because of their continuous effort and hard work . The new session which was suppose to commence from mid of April could not start due to COVID -19. As a solution and to not stop students ongoing education, schools have started online classes. Young Hearts Boarding School has also started tutoring the students through online/virtual classes. Some children they are actively participating. We are all hoping for this tragedy to end very soon and hopefully all the people would be able to continue their lifestyles normally.

Kid's Health.

Because of the pandemic situation i.e. Corona-virus .We are conscious and doing proper care of our children and encourage them to wash their hands every time. Keeping at least 6 feet distance between children .Teaching them to how keep clean and care for their personal hygiene .

Computer Classes for the kids and the sewing training:

Because of the pandemic situation i.e. Corona-virus most of children are with their relatives and family. There is no any computer classes for the children and sewing training for the women. We are all hoping for this tragedy to end very soon and hopefully all the people would be able to continue their lifestyles normally. Again we will continue our training soon!

Children are enjoying carrom board in lockdown.

Because of the pandemic situation i.e. Corona-virus most of people they are facing problem in their personal life. If this situation remain for long time organization can't raise any fund, donors cannot support for our organization. Then organization will be unable to provide basic necessities including food, education and health facilities to our 55 children.

Children are watching TV in lockdown.

And finally, We want to thank sincerely all our dear Sponsors, Volunteers and well wishers again. Thank you so much for all your generous support and gratitude towards our children which will help them to lead towards a good future. We always hope to get your support and unconditionally love in coming future too. Love you all and wishing you all best wishes and a wonderful time ahead on the behalf of all the children and DRC,Nepal.

We are all hoping for this tragedy to end very soon and hopefully all the people would be able to continue their lifestyles normally .

STAY SAFE AND TAKE CARE
